

FINANCIAL ASSISTANCE AT DIAGNOSTIC IMAGING NORTHWEST

MEDICAL IMAGING IS A NECESSITY, NOT A LUXURY

Diagnostic Imaging Northwest is committed to the treatment of all patients, regardless of ability to pay. We offer financial aid based on the current Federal Poverty Guidelines. To use this program, the recipient must first use any medical benefits they have, such as private insurance, Medicare, Medicaid or other health care program. Our program may cover the deductible, copay or coinsurance, if eligible, and may cover charges of participants not eligible for insurance or covered by another health care program.

IF YOU QUALIFY, OUR PROGRAM OFFERS

- Financial assistance for services performed at any DINW facility
- Sliding-scale fees based on income eligibility
- Reasonable payment plans
- Navigation to qualified affordable health plans

AFFORDABLE CARE

With national changes in health care, more people than ever before are now eligible for low-cost or subsidized health insurance. Middleincome and low-income individuals and families generally qualify. If you have not applied for this option, please visit their website to learn more: www.wahealthplanfinder.org. Our financial assistance program may cover the deductible or coinsurance for these plans.

FINANCIAL AID GRANT MATCHING

Diagnostic Imaging Northwest honors financial aid grants from certain health care entities. If you have been granted aid by another health care organization, you may not need to complete the entire application. Instead, please send a copy of the current aid letter with this application and we will provide assistance at the same level, if applicable.
